

When you think about life on a grand scale, the "Granville" is it! Walk through the large foyer, down the hall and enter the formal dining room and living area with gas fireplace with marble surround, huge windows and a graceful covered porch. Nine foot ceilings, crown mouldings, lots of storage and extra plush carpet are all standard.

Each bedroom comes with private bath and the master suite includes a stall shower.

The kitchen has quality wood cabinets, plenty of storage and just across the hall you'll find a convenient powder room.
