- It is important that the new pine needles remain undisturbed to help ensure that they will look good. People and pets should not walk through them.

Recycling Reminders

NO plastic bags of any kind can be put in recycling bin.

Cardboard boxes must be cut down & bundled together.

No household trash– ever.

All other recyclables must be loose.

ATTENTION PET OWNERS:

An ongoing issue that we can not allow is pet waste being deposited and left in any areas of the community. Pet waste must be removed each and every time the pet is walked. When this does not happen it detracts from the positive image of the neighborhood, interferes with other's enjoyment of the community and creates potential health/ sanitary problems. In addition, animal waste destroys vegetation and causes brown spots in the grass. Please carry some form of pooper scooper or a plastic bag to immediately remove the waste. Pet waste must be placed in a plastic bag, tied securely and properly disposed of in a pet station waste bin or the trash compactor. No exceptions can be made.

Also, all pets must remain on a leash when outside unless they are enjoying the Bark Park.

Your cooperation will be greatly appreciated.

Neighborhood Etiquette

- Household garbage is NOT recycling.
- Close doors quietly.
- Do not stomp or run in stairways.
- Refrain from using appliances, playing TV or music loudly, exercising and/or any other activity that would cause loud noise or vibrations to travel, particularly, prior to 9 AM or after 9 PM.
- Dispose of all trash and cigarette butts in the proper receptacles AT ALL TIMES!
- Do not hang any items over balcony or patio railings.

Grease Is Your Drain's Worst Enemy So Please Remember...

DO

- Pour greasy or oily food waste into a container, NOT down the drain or garbage disposal.
- Allow animal fats to cool or freeze in the container before throwing them in the trash.
- Mix liquid vegetable fats with an absorbent material such as cat litter or coffee grounds in a sealable container before throwing into the trash.

DO NOT

- Pour oil or grease down drains, garbage disposals or toilets.
- Use hot water to rinse grease off cookware, utensils, dishes or surfaces.
- Put food scraps down drains.

Collect It, Absorb It, Seal It, Trash It!
