Reminders and Maintenance

Meet the newest member of your Service Team! **Justin Helms** comes to Providence Park with lots of maintenance experience & we hope he'll be here for a l-o-n-g time. When Justin isn't working, you may find him doing his second favorite thing— riding motorcycles. Say hi when you see him around the community.

MESSAGES FROM MAINTENANCE...

- Call the after-hours answering service at (704) 844-9410 for maintenance emergencies. If a response is not received within 15 minutes, please call again! **For Emergencies press 2 to speak with a live operator.**
- Non-emergency requests may be called in, or submitted through the Resident Direct Portal!
- Check your water heater room periodically. Notify the office immediately of any leak and/or moisture issue.
- Your hot water can be limited if you have the heat running at the same time you are showering.
- As it gets colder outside, call the office if you would like your *fireplace pilot light* turned on.
- Check your filters. Call us for a new one!
- During the cold winter months, do not turn your heat below 55 degrees and never turn your heat off.

- * **Please drive slowly through the community. Watch for speed bumps and stop signs.**
- * **Adhere to the 10 MPH speed limit. We want everyone to enjoy a safe, fun Fall.**
- * **Please supervise children any time they are outside. Drivers can't always see them so please make sure children are not playing in the streets or in between cars.**

Pet Reminders

Pet urine will ruin your beautiful landscaping. Please walk dogs away from buildings, walkways & neighbors patios and windows. Notify management as soon as you see someone not scooping. Description of pet and/or owner will help.

It is never fun to step in pet waste and it's also very unhealthy for your pet and your home!

All pets must be on a leash any time they are outside.

Thanks for not allowing your dog to bark on your patio or balcony. This disturbs neighbors in every

direction!

November 5, 2017
Daylight Saving Time **Ends**

Set your clocks BACK one hour before going to bed tonight.

Grease Is Your Drain's Worst Enemy So Please Remember...

DO

- Pour greasy or oily food waste into a container, **NOT** down the drain or garbage disposal.
- Allow animal fats to cool or freeze in the container before throwing them in the trash.
- Mix liquid vegetable fats with an absorbent material such as cat litter or coffee grounds in a sealable container before throwing into the trash.

DO NOT

- Pour oil or grease down drains, garbage disposals or toilets.
- Use hot water to rinse grease off cookware, utensils, dishes or surfaces.
- Put food scraps down drains.
