

The floorplan is perfectly named "Queens". Exquisite in every detail from the airy 9' ceilings to the huge windows, extra plush wall-to-wall carpet and crown mouldings, this apartment rivals many private homes. A gas fireplace with marble surround and covered porch complete this spectacular living room. The formal dining room is easily accessed through the living room and has two extra large windows as well as a gleaming brass chandelier.

The kitchen has fine wood cabinets and is large enough to accommodate a dinette. The master suite has an enormous walk-in closet with built-ins and a dressing area. The other 2 bedrooms have private ceramic tile baths as well as lots of storage.
