

Enter the gracious foyer and you'll immediately know you're in a home worthy of a building named "Queens". A formal dining room and large living room with gas fireplace and marble surround lead to sliding doors onto a huge covered porch with ceiling fan. Every room in this apartment is flooded with glorious light from oversized windows. And each of the 3 bedrooms has its own complete ceramic tile bath. The master suite has a large walk-in closet with built-ins and there is lots of storage throughout. The large kitchen has wood cabinets and is easily accessed from either side.
